

Effective July 1, 2026

The Maintenance Drug List includes drugs that are commonly used to treat conditions that are considered chronic or long-term such as high cholesterol, high blood pressure, asthma, diabetes, or heart disease. Depending on your specific prescription drug benefit plan, these medications may require a 90-day supply through Home Delivery or a preferred retail pharmacy.

This list is not a complete list, does not guarantee coverage, and does not include applicable prior authorization, step therapy or quantity level limit program requirements for the drug that are included in this list. Refer to your respective formulary for the programs tied to these drugs at [CapitalBlueCross.com/formulary](https://www.capitalbluecross.com/formulary).

Key: **lowercase bold** = generic; UPPERCASE = BRAND
